Testimonials

What our Customers think

Excellent service highly recommend, they go above and beyond for you.  
Adam  
★★★★★

So impressed with Ashley's work. My roof was desperate and now looks brand new. Very professional and friendly and very reasonably priced. Would not hesitate to recommend.  
Juliet  
★★★★★

Absolutely over the moon with the results of our cleans! Will definitely be having Ashley back to do our drive in summer.  
Gemma  
★★★★★

About Us

A little history on us

Avon & Stour Exterior cleaning is based on the Hampshire, Dorset and Wiltshire county line's covering all these areas for our pressure washing and roof cleaning service's.

Our business was established in 2023 but have had previous years experience working in this field with a previous business which mainly specialised in window cleaning. But due to popular demand, we decided to branch out and start offering roof cleaning and pressure washing a few years in with an excellent response from my local community.

Avon & Stour Exterior Cleaning specialises in pressure washing and roof cleaning services. We absolutely love providing these services for our client.

We have invested heavily in 2023 on new specialised pressure washing equipment and we only use tried and tested chemical products to make sure all our customers are receiving the best possible service for their hard earned money.
